A meeting plan that fits in a wallet.

Two blank copies. One agreed plan. No app or sign-up needed.

Agree on appropriate meeting places and a contact with your household. Check access needs and local instructions. Fill in these cards privately, then give each copy to its intended person.

Print at 100% / Actual size. Each cut card is 3.5 x 2.25 in (89 x 57 mm).

Cut on the outside dotted line. Do not enter door codes, passwords or identity numbers.

HOUSEHOLD MEETING PLAN

NEARBY MEETING PLACE _____

OUTSIDE-AREA / ALTERNATE PLACE _____

CHOSEN CONTACT (AGREED IN ADVANCE) _____

PHONE _____

CHECKED _____ **REVIEW** _____

Copy 1: keep where its intended person can find it.

Copy 2: keep where its intended person can find it.

Before you carry the cards

1 Agree Choose places you can identify clearly. Consider a nearby location and one outside your immediate area. Agree who will receive and relay household updates; an out-of-town contact may help.

2 Check Confirm the contact details with the person concerned. Check school, workplace and local emergency instructions. This card does not authorize a child pickup or override an evacuation direction.

3 Practice At a calm time, find the card and point to both places on a map. Explain what you would do if a place were inaccessible. Do not make emergency calls or travel into danger for a practice.

What needs changing after your practice?

A practical planning aid, not a complete emergency plan or a guarantee of access or safety. Follow local authorities. Move to a meeting place only when it is safe to do so.
